**Police Scotland:** PC M Morton & PC S Jackson

**South Ayrshire Council:** Cllrs. P Convery; N McFarlane & Thea Pettigrew

**Youth Forum Representative:** None

**Local Press Representatives:** S Houston (Ayrshire Post), E Harbinson (Troon Times)

**Public Forum:** C Malone; T McCormack; Mr Cowan

**APOLOGIES:** E Williamson; K Workman; F Carson; M Love; K Beckwith; Cllrs. P Saxton; W McIntosh

#### **CHAIRMAN'S WELCOME:**

On behalf of Troon Community Council, Chairman R Pollock welcomed all those present, including two attending members of the public, together with two members of the local press. In the absence of M Love (secretary) E McNish (TCC member) took the minutes. A minute's silence was observed in reflection of the sad events in Glasgow over the weekend

#### **POLICE REPORT:**

PC M Morton delivered a comprehensive and positive overall report with regard to the crime situation in Troon over the last month. She noted that Inspector Greenwood is now staying in Troon. She explained the Troon Festive Action Plan where more officers will be on the streets particularly on Thursday – Saturday which are seen as "party" nights.

#### **REPORT FROM THEA PETTIGREW PARKS DEPT. SAC**

Ms Pettigrew introduced herself to the TCC as Manager of all Operations in the parks and maintenance dept. She has 20 years' experience. She has seen over the last 18 months a drastic cut in operations e.g. staff leaving and financial cutbacks. She explained this has an impact on ground maintenance in SAC where the view of the gardens looks pleasing to the public though it is not so good for the horticultural workers. She explained these sites are important for tourists and locals alike as the flower beds and garden maintenance benefits all concerned.

She explained the ground maintenance reviews over the last two years have made drastic cuts and they need to make a saving of £50,000. She has been told this will manifest in the workforce working longer hours in the summer and shorter hours in the winter. She explained the workload in the winter is immense and they will plant 150,000 shrubs and 500 – 600 saplings in the previous flower beds so they will grow in the summer months requiring less maintenance leaving the workforce free to cut more grass and water plants.

The pruning and shredding of shrubs and roses will take 2<sup>1/2</sup> – 3 months in the winter months so the plants

can grow in the summer. This will commence on January 1<sup>st</sup> by clearing all flower beds ready for the shrubs and sapling planting. The hardest hit towns are Troon, Prestwick and Ayr but the arterial routes will not be affected. The chair praised the work of the parks dept. saying the town centre displays should remain as they are a big attraction for locals and tourists alike. Thea explained the programme for the elderly, infirm and disabled are being cut. Cllr McFarlane asked if a scrutiny has been done to investigate ways of doing things differently but still within budget. C Malone asked if the payback scheme could be deployed to help in this area and Thea explained they are already integrated within council squads painting shelters over a 2 year period. They are gritting the elderly resident's areas. The previous flower beds will be grassed over and where possible trees will be planted. Cllr. McFarlane said a training programme is underway on multi-tasking where the council will utilise the cleansing and parks depts. to help each other but indicated this is not being actively pursued. The grounds maintenance dept. has moved from Ottoline Drive to Dukes Road.

The chair invited Thea to come back next year and give a presentation to the TCC.

## **PUBLIC FORUM**

The Chairman welcomed Mr Cowan to the meeting, enquiring as to any issues he might wish to raise. Mr Cowan expressed his observation of the warm welcome received by visitors to the town at Wintertainment. He reported there were cars parked on both sides of the street between Portland Terrace and Titchfield Road there was no traffic congestion reported. He said the traffic constrictions imposed by the council are causing problems and should be removed. He observed 5 parking attendants in the area "excessively" issuing tickets as he saw it. He also expressed a need to support the residents in the area where parking especially disabled parking is concerned.

Cllr McFarlane said she had a meeting with the roads dept. after a disabled resident called her in some distress; he couldn't park in the designated disabled parking bay because a works van had parked there. He had to park across the road where he received a parking ticket. Cllr McFarlane said the council were looking at making parking spaces where possible. Cllr. Convery said the resident could have called the police to report the Blue Badge scheme being abused; he said there should be signage directing the public to the promenade parking.

TCC member Dougie Graham asked how he could obtain a consultation report that had been carried out in Troon and Prestwick town. Cllr Convery replied it was available by writing to Mike Newall (SAC) or the public office requesting a copy.

Cllr Convery reiterated the need to make Troon more parking friendly for visitors and residents. Cllr McFarlane suggested opening the school car parks (St. Patricks & Troon Primary) during the summer holidays thus lessening the demand in the beach areas freeing up the town centre.

Mr Cowan asked how many parking tickets are issued when there is an event in the Town Hall; the chair replied this information can be obtained through the freedom of information act from the council.

## **C Malone**

Spoke about the secret Santa and the success it has been around Troon he spoke about a mobile skate park being donated by a resident keen to pursue a permanent site. He said the round table are on-board and it can be set up all over Troon in different areas of the town. The paddling pool area is one site up for

consideration. The chair asked if the council would be supportive of council ground being used for this venture; both Cllrs said they would support it. Helen Duff asked for a vote to donate £50, a show of hands voted it approved. C Malone informed the TCC a skating day on the 21<sup>st</sup> December has been arranged for the public and will be held in Troon Primary playground. The near neighbours will be informed.

### **Braemorewood Development**

TCC members attended the open meeting on Monday night (2<sup>nd</sup> Dec) and a meeting has been arranged for January with the Development Group re access to Marr College for pupils. Cllr McFarlane asked if the new owners will prevent this. The question of two rights of way were discussed and noted it will be included in their title deeds. Cllr Convery shared Cllr McFarlane's concerns asking if the owners will uphold the policies and Dougie Graham has indicated he will do a site visit with their development officer.
