

## Do you have a story to share?

We are looking to start a network focussing on how NHS Ayrshire & Arran can provide even better support at home for people to live well with a neurological condition.

### We aim to bring together:

- \* People living with neurological conditions who receive care at home
- \* Care at home support staff
- \* Members of the health team supporting people in their homes (e.g. physiotherapy; occupational therapy, district nursing).

### We will do this by:

- \* Starting a conversation
- \* Giving everyone a chance to share knowledge and experiences
- \* Decide on the best way to build a network of people who contribute to this work

A small, informal event will be held to start this project at:

**Fullarton Connexions, Irvine, KA12 8PE**  
**Tuesday 23rd July 2024**  
**1.00pm to 3.00pm**

This will be the first in a series of events where people can share experiences and challenges and think about developing some solutions.

If you receive care at home and can't come along to an event, we hope that we can still find a way to hear your thoughts and ideas. This might involve meeting with one of our team, either in person or virtually to share your story and join in the conversation.

**If you would like to join us or to find out more about this new initiative please contact us by Wednesday 17th July 2024 on:**

**Telephone - 01294 323037**
